

Assignment C1

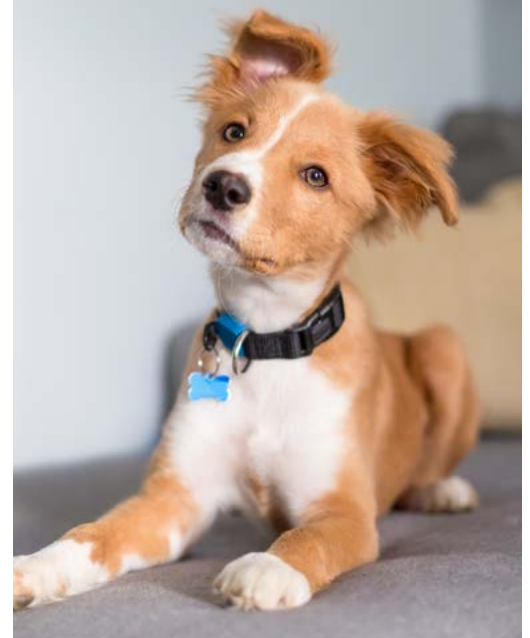

Reading Signals

Dogs use a variety of visual signals to communicate. In this assignment, you'll practice identifying the correct meaning behind various canine communication signals. Consider each picture shown below. Refer to the text "*Canine Communication*" to help you complete this assignment.

Identify what each dog below is trying to communicate and the signal(s) that support your answer. Consider the dog's eyes, mouth, ears, fur, tail and posture to identify the signals used in each picture.

1. a. How does this dog feel?

b. What signals is he giving that support your answer?

2.

a. How does this dog feel?

b. What signals is he giving that support your answer?
